

## **Terms & Conditions**

Any person contracting with Rollcentre Racing and/or Mosler Europe Limited contracts only on the standard terms and conditions of business of the relevant company unless varied in writing under the hand of an officer of the company.

All items such as lap timers, beacons and scales are sold under the Distance Sale Regulations. You have seven days from receipt of the goods to inspect and try the goods to ensure they are as specified and in working order.

They have a one year warranty, unless otherwise stated, and if they prove to be faulty within the warranty period, please notify us so we can rectify the problem in accordance with your statutory rights.

If for any reason within the seven day 'cooling off' period you decide to return the goods we ask that you notify us of your intention to return them, and return them in good condition with the original packaging. We will arrange for a refund to be made.

Items should be returned by registered mail, the cost of this to be born by the customer, with a note of your name, address and reason for return. Please retain your proof of posting in the event of a claim with the carrier.

Items such as Rollcages are made to order, and as a result are not subject to the distance selling regulations. Returns and refunds will only be accepted where we have failed to make the rollcage to your specifications or it's proved to be faulty.

We are happy to assist you to ensure that such specifically made orders are of a correct fit, and this can be discussed with Rollcentre Racing if you have any doubts. Once your order has been placed you cannot cancel the order.

Where incorrect measurements have been provided we cannot give refunds. In all cases we will work with you to try and reach a satisfactory solution to the problem.

Rollcentre Racing is not responsible for any charges incurred in the fitment or removal of faulty or allegedly faulty goods or incorrectly items supplied items.

It is the responsibility of the customer to check all items and notify us of any shortages or goods which you feel are incorrectly supplied within seven working days of the date of delivery.

Refunds will not be processed until after the rollcage has been returned and inspected. The cost of returning the rollcage will be reimbursed once it is agreed that the fault lies with us.
